Are there questions you would like answered	8	14	<ol style="list-style-type: none"> 1. Should wage subsidy money be decreased at any time – will there be notice given so that staff can make plans to handle a decrease in wages? Centres can make attempts/help should a decrease be inevitable 2. Are we ever going to see child care operators treated equally with the various funding opportunities as we are all delivering quality programs? 3. Management portfolios 4. Are non-profit centres eligible to open a child care centre within schools? 5. Are there any plans to review funding for special needs beyond 0 – 3.8 in after school programs and summer programs 6. Any information coming from the Ministry regarding Quality framework? Will there be any licensing requirements or purchase of service linked to meeting quality levels 7. For a general staff, there were a lot of acronyms and assumptions. Is there a document that explains them all
Do you have topics that you would like discussed in the future by NCCS or children's services	<ul style="list-style-type: none"> • More about auditing (supporting) • Same as Comment 1 above • Further updates on changes, especially regarding the M of E • Same as Comment 5 above. Also, population of children with special needs is rising – what can we do to support • Would love to know what Darlene does in her spare time! • Anything current and relevant • Would have liked to hear more about resources and how the process works • More sessions similar to tonight – very informative 		

<p>Is there anything else you would like to tell NCCS or children's services</p>	<p style="text-align: center;">NCCS</p> <ul style="list-style-type: none"> • Thank you! Great job • Portfolio changes make sense • These meetings are very valuable and informative for us. However the area where the presentation took place this evening made it difficult to hear clearly. Not sure if it was the open area and those on the 2nd level who were talking. A microphone might have helped. Thank you for the hand-out. It was a big help as well as the area beside each topic to list points. • I am proud to be affiliated with such an amazing network – sector! • Keep up the terrific work you are doing. We need our ECE community to be strong and moving forward • We are a diverse group with a common goal – that is child care, but in sitting with my group I can say we are not all facing similar challenges. Our different sizes also make it difficult to talk about common problems • It was a great overview – would have liked to hear more about exactly which services are provided • The location was nice and easy to find but it was very echoy in the foyer. It was difficult at times to hear the speaker as they were always way over to the side of the room. It would have been nice to have you in the centre of the room. 	<p style="text-align: center;">Children's Services</p> <ul style="list-style-type: none"> • Nice job Darlene! Well organized • Love Darlene! • Your on-going support and genuine interest in helping is much appreciated by all centres • Equal treatment for “commercial” vs non-profit • Excellent presentation of information • Awesome management team! • Thank you for the opportunity to provide input • Fee subsidy for children attending our programs and assisting the family to go through the process – it is a challenge • Could you save more money by policing “families” that are abusing the system • Great job. Lots of information in an organized time period
