

Help Children Explore the Characteristics of Flowers and Pollination with the ECCDC's new Activities for Sale

Five Little Bees Glove Puppet

During Circle use this *Five Little Bees Glove* to engage the children while reciting the song. This activity will enhance the children's oral communication, listening, and turn-taking skills.

Spring Roll & Sort

Roll and sort spring shapes and encourage the children to sort and graph them on the chart. This activity will enhance the children's understanding of numbers and develop their classifying and sorting skills.

Spring Book

Read the book with the children during group time. Start a discussion about spring and some of the things they will see and do during the season. This activity will develop children's listening skills, interest in reading, and awareness of book conventions.

Bee Drop Game

Invite the children to drop the bee in one of the cups and identify the spring picture on the bottom of the cup. This activity will enhance the children's ability to use small muscles, listening, and turn-taking skills.

What's Inside Spring Puzzle

Invite the children to roll the die and choose a puzzle piece to remove from the frame stand. Encourage them to guess what spring picture is hidden underneath the puzzle. This activity will enhance the children's vocabulary, listening, and problem-solving skills.
