

Niagara Child Care Centre Numeracy Project Training

October 23, 2010

Participant Comments

What did you find to be most informative and meaningful?

1
2

- The hands-on group work was very helpful.
- All of the different programming ideas for incorporating math throughout my program planning was the most meaningful.
- The demonstration of how to use the numeracy kit materials was meaningful.

Did the training provide opportunities for you and your colleagues to brainstorm different ways of implementing the materials into your daily practice?

- Yes, by working in groups on the program planning charts it allowed for exploration of the numeracy materials.
- Yes, there was plenty of time given for brainstorming and sharing ideas.

3

Do you think that having access to the numeracy kit materials and training will increase your confidence in teaching young children early math concepts?

- Yes, I can't wait to start implementing the new ideas and numeracy materials in my classroom.
- Yes, the training provided more opportunities for engaging math concepts with the children.

Other Comments

- I feel very fortunate to be able to obtain such a great resource, thank you.
- Excellent workshop and resources that will enhance our program planning.
