

**Bundle up the Children in your Program**  
with the ECCDC's  
winter programming  
activities

**Winter Clothing Bingo \$12.00**

Play Winter Clothing Bingo to enhance the children's listening and oral communication skills and practice getting "dressed" for winter weather.

**Snowman Colour Sorting \$10.00**

Sort the coloured pom poms into the sectional tray according to colours shown on each of the snowmen. This activity will enhance the children's classification, sorting and comparison skills.

**Winter Science Experiences \$14.00**

Engage the children with these winter science experiments to enhance their observation, prediction and exploration skills. Activity cards and props are all included.

**Bear Snores On \$15.00**

Develop the children's listening skills and interest in reading with this book. Have a discussion with the children about animals that hibernate during winter.

**Winter Spill and Sort \$12.00**

Spill out the winter shapes and encourage the children to sort and graph them on the chart. This activity will enhance the children's understanding of numbers and develop their counting and sorting skills.
