

Take a BITE out of your summer programming with the eccdc's NEW activities for sale!

eccdc

early childhood community development centre

Making Shish Kabobs

Invite the children to spin the spinner and add the corresponding food piece on a skewer to enhance their ability to sort, classify and compare two and three dimensional shapes.

Growing Strawberries Story

Use this story telling prop and rhyme to teach children about the growth of a strawberry. This group activity will enhance the children's oral communication, listening, and turn taking skills.

What am I? Watermelon Poem

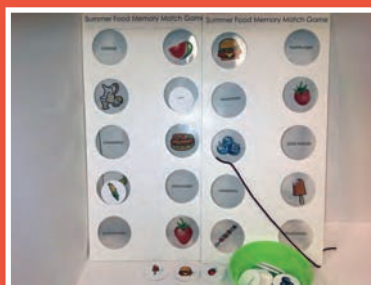

Use the felt pieces while reading the "What Am I?" poem with the children. Encourage the children to guess what the poem is referring to. This activity will enhance the children's vocabulary, listening and problem solving skills.

Let's Make a Fruit Salad Book

Use this interactive book to introduce summer fruits to the children and invite them to assist you with placing the corresponding fruit onto the bowl using the velcro pieces. This circle activity will enhance the children's interest in reading, concept of print and awareness of book conventions.

Summer Food Memory Match Game

Encourage the children to look for the corresponding picture or word circles to match the ones on the game boards. This activity will enhance the children's vocabulary skills, listening skills and understanding of oral directions.

Hamburger Flipping Race

Encourage the children to scoop up the hamburgers with the flippers and race towards the bucket to drop them in. This activity will enhance the children's ability to use both large and small muscles, listening and turn taking skills as well as cooperative play.

Aprons, oven mitts & chef hats to go along with the Hamburger Flipping Race can be purchased separately.
