News from the ECCDC Lending Library

Over the past months we have been receiving many requests from our members for kits related to cause and effect as well as resources for dress-up and dramatic play. We sincerely appreciate receiving requests as we remain dedicated to ensuring that the library offers resources to meet your ever-changing needs. We are pleased to showcase a selection of the new Provocation for Learning Kits that are now available for borrowing. If you would like to start your own Provocation for Learning Kit collection, why not check our “Customized Provocation for Learning Kits” available for purchase on our E-store! **Click here** to have a look.

Cause & Effect Resources

Cause & Effect Resources for Infants & Toddlers (Catalogue # 7002 & 5476)
This provocation for learning kit offers a wide variety of resources to support younger children to explore cause & effect. These resources light up, spin, make music, rock, and wobble, depending on what you do with them. The infants and toddlers will love them! There are two kits available in the resource library.

Cause & Effect Resources for Preschoolers & Schoolagers (Catalogue # 7001)
This provocation for learning kit offers a wide variety of resources to support older children with cause and effect inquiry. The spinning/vibrating light and the thunder maker will engage the children’s senses while the light up gadget board and colour mixing tube will enhance STEM inquiry.

Montessori Inspired Cause & Effect Toys (Catalogue # 6988)
These Montessori inspired wooden resources are the perfect addition to your early learning environment. The beautiful wooden resources support both fine and gross motor development.

Resource Consultant Specialized Materials

Did you know that the Resource Lending Library features a selection of resources that were purchased to assist our local Resource Consultants with the support they offer to children and child care programs throughout Niagara? The special collection of resources was introduced in 2013 and provides the opportunity to have specialized resources specifically to meet the individualized needs of children whom our local Resource Consultants are supporting. Many new resources have recently been added to this category including the following cause & effect materials.

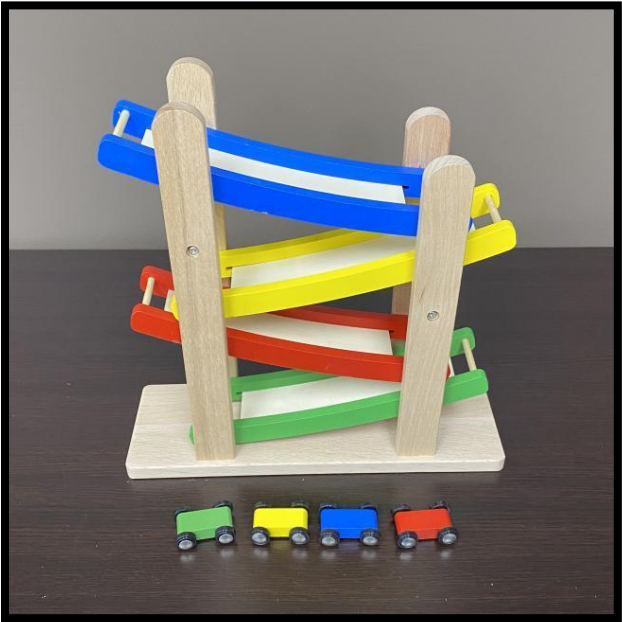

**Cause & Effect - Activity Bench
(Catalogue # 6746)**

**Cause & Effect – Ball Pounding Turtle
