## **Criteria of Early Years Curriculum Plan**

#### Observations

- What the children in your program are interested in
- Interactions that you have noticed
- Follow-up to support the children's development

#### **Developmental Outcomes**

- Understanding where each child is developmentally
- Providing opportunities for each child to engage in the program, which supports enhancing their development

### **Actual Happenings**

- The experiences that the educators set up for the children
- How the children are engaged

#### **Reflective Questions**

- Use of reflective questions to inform you of your next steps in program planning
- Time to reflect on the happenings in the program
- Time to reflect with your fellow educators in the program.

## **Examples of Reflective Questions**

- Through observing the children in the environment, what have I observed that the children are curious about?
- What are the specific interactions that I found interesting?
- What experiences surprised me?
- What experience drew the children in?
- What was I curious about?
- What motivates a child's actions?
- What is meaningful to him or her?
- What brings a child joy?
- Where do I see examples of children's strengths and competencies?
- What have I changed in my room?
- From my changes, have the dynamics of the room changed?
- What else do I need to look at changing in my room?
- How will I make changes to my room?

#### Family Engagement

- How did I share the happenings of the day with the families?
- How did I document the children's learning for the families to see?
- Where do I incorporate the feedback from families?
- What do I need to investigate to support the families?
